# buddy

The Buddy chair will appeal to those who love simple solutions. The classic structure made of solid steel has been enriched by upholstery, decorated with elegant stitching. Upholstery does not cover the entire seat, however, showing the beauty of the wooden elements. In addition, the Buddy chair has been fitted with comfortable armrests, making it suitable for use in conference rooms or office spaces.

# Kedar

Fans of traditional, simple form will not go indifferently by Kedar chairs, as durable wooden plywood intertwines with original, eye-catching upholstery. Sitting comfort is ensured by a backrest that sits snugly against the back and a solid metal construction. Kedar chairs can be directly customized by adding armrests or a desktop. This makes them ideal for office or conference room arrangements.
